The elegant Hotel Masseria Torre Maizza, managed by Rocco Forte Hotels, is located in the beautiful surroundings of Puglia, at the Adriatic coast of Italy. Once a 16th-century farmhouse, the building was transformed into a luxury site combining natural beauty, stylish atmosphere and Italian hospitality. Surrounded by olive groves and a lush and verdant garden the double rooms and suites of the hotel in different categories, partly with fireplace, roof terrace or private garden, offer tranquility to relax.

In the Restaurant Carosello, in the bars Bougainvillea, at the pool or the roof terrace you will find your perfect location to enjoy the exclusive service of the hotel.

The Adriatic coast is very close. A 9-hole-golf-course, a driving range, a private beach club, spa and gym are available. Excursions into the surroundings can be arranged by the hotel for you to experience the stunning architecture, unspoiled landscapes with citrus and olive trees, vineyards and Adriatic beaches.
